Serving a large selection of authentic dishes every evening, the restaurant is enhanced by elegant Chinese décor with red lacquered seats, delicate porcelain, *objets d'art* and calming music

- Zembra – light and relaxed cuisine (open for lunch and dinner daily, April to October from 10am to 5pm and from end of June to September, from 9am to midnight)

Guests can choose the catch of the day from the restaurant's aquarium or enjoy an Italian pizza or pasta dish by the pool. The restaurant is shaded by a wooden canopy and in the evening there is live music to relax to under the stars

- El Dar- traditional Tunisian cuisine (open for dinner from 7pm to 11pm)

El Dar offers the warmth and hospitality of a Tunisian home with a menu of traditional dishes and the aromas of “shishas” bubbling away. Weekly, from June to September, dinner takes place in the gardens under a Khima (Bedouin tent) – guests can relax on poufs and kilims with belly dancers arriving to get the evening going. Open Friday and Saturday evenings year round and daily during school holidays

- Néroli – serving Mediterranean well-being cuisine (open for lunch and dinner from 10am to 11.30pm)

Les Thermes Marins de Carthage

Tunisia is known for its traditional therapies and The Residence Tunis is one of Europe's leading thalasso destination spas. The space is inspired by the magical atmosphere of ancient Roman thermal baths and spreads across 4,000m². There are 30 treatment cabins, an oriental hammam, two terraces and a majestic cupola covering a recreational seawater swimming pool.

The extensive treatment range – thalassotherapy and medical cures - use modern and ultra-efficient equipment. The team of multilingual specialists (doctors, hydrotherapists, physiotherapists, fitness staff) are on hand to explain each treatment in detail. Fitness classes and aqua sessions are held daily.

The spa is open every day from 9:30am to 7pm. Access to the water course, saunas, the hammam and the fitness room is free to hotel guests until 9pm, but not authorised for children under the age of 15.

Golf

The new Golf Performance Academy launched in Autumn 2012. Available for everyone, the programme has been designed to enhance and complement the hotel's golf course and offer mental, technical and physical training for golfers of all levels.

The 18-hole golf course, designed by Robert Trent Jones II, has an idyllic setting between the sea and salt lake and commands stunning views over the Tunisian landscape. In the heart of a natural reserve, where migrating birds and wildlife abound, the par 72, 6,451m long course has intricate fairways designed to push golfers to the limit.

The club offers golf clinics, private lessons, golf buggy and club rental, a grass driving range with 80 spots, two putting greens, two pitching greens, two practice bunkers, a pro shop with Lacoste and Titleist brands, a full caddie service, course refreshments, its own restaurant, bar, lounge and swimming pool.

A free shuttle service is organised between the hotel and golf club (a 3 minute drive)

Kids Club

Available for children aged three years to 12 years, a dedicated team of multilingual staff are on hand to organise and supervise a full programme of activities.
